Lynda,

Thank you for copying me on this, as I had not seen the letter since Region 10's Dan Opalski put his finishing touches on it. This is the final signed version of the letter that I and many others (including OGC's Stephen Sweeney) worked on in the preceding weeks and discussed with you and John Goodin.

Don

Thanks for the heads-up, Dave.

Subject: Joint EPA/NOAA Assessment of Oregon's Implementation Ready TMDL Approach-FYI

John and Linda,

FYI. Attached is a joint EPA and NOAA assessment of Oregon's Implementation Ready Mid-Coast TMDL that is a required element of the Oregon CZARA settlement agreement. This letter and the Enclosure, while primarily just re-iterating what is required in the settlement agreement, may still engender some negative reaction from private land owners.

Thanks,

Dave Croxton
